Sakatah Singing Hills State Trail

Blue Earth, LeSueur & Rice Counties

The Sakatah Singing Hills State Trail is a 39 mile multiple-use trail which has been developed on an abandoned railroad grade. The trail lies in the transition zone between what was once the "Big Woods" and the vast prairies. Remnants of these plant communities can still be found scattered throughout what is now cultivated land.

The trail has been developed for bicycling, in-line skating, horseback riding, cross-country skiing, hiking, and snowmobiling. Snowmobiles with studded tracks are allowed on the Sakatah from Waterville to Faribault.

The trail begins near State Hwy 14 and joins the Minnesota River Trail in Mankato and ends east of Interstate 35 in Faribault (trail users will need to use the signed route on city streets through Waterville). The Sakatah Singing Hills State Trail provides an asphalt treadway. A treadway for horse back riding and cross country skiing is completed from Lime Valley road to County Road 12 bridge.

Sakatah Lake State Park is along the trail, and provides a separate bicycling campground, picnic grounds, boat access, and additional hiking trails. There are several other lakes and public parks within an easy ride of the trail.
